Review The Outline of Blue Dart

The Blue Dart Franchise is one of the most reputed and reliable courier, & logistics companies in India. It was launched in 1983 and established more than a thousand places, including 220 countries, and 3500 sites across the boundaries of India. Nowadays, it has expanded its reach through international courier, shipping, and logistics service capabilities. In addition to all this, the Blue Dart Franchise has built a solid reputation across all sectors and departments, including banking, retail, e-commerce, pharmaceuticals, and much more. With all this, so many of us are not aware of the Blue Dart Franchise very well, and few think that Blue Dart is a package delivery company, but in reality, it is much more than this.

Cost, & investment Structure of Blue Dart Franchise Model

We all know that starting a business is not only a single-step procedure, where building and fixing a budget is one of the crucial steps. Before diving deeper into this section, you must know that you should have a moderate investment budget; however, it also depends on several other specifications, including location, business size, and much more.

- Firstly, it is all about the franchise fee, which is 50,000 INR.
- And the deposit you have to make as a security deposit is 1.5 lakhs, but the refund is made based on the performance criteria.
- INR 2 lakhs to 5 lakhs is required to invest in infrastructure.
- The total final investment required is about 3 lakhs to 5 lakhs.
- Apart from the capital, you require a land area of 250 to 500 square feet.
- In addition to all this, you need a few equipment, including a computer system, printer, consistent internet connection, and a basic office setup.

Eligibility Criteria To Establish A Blue Dart Franchise

Establishing a Blue Dart Franchise in India is not only about having a budget; before that, you must pass the eligibility criteria. To understand the entire eligibility structure, you need to go below:

- You must be at least 21 years old and a citizen of India only.

- You should be a qualified student of the 10th and 12th standards.
- Previously, you must not have been a part of any criminal cases.
- Prior expertise in the courier and any related industry is valued, but not necessary.
- Also, you must have copies of all the required documents, including PAN Card, AADHAR Card, and the bank details.
- Vehicles and the team of employees are required to build an ideal business.

How You Can Apply For The Blue Dart Franchise

Here is the application process that you need to follow to establish courier, shipping, retail, or logistics services with reference to Blue Dart Franchise. Have a look at the steps below to know more in detail.

1. Do Research, & Eligibility Check

Initially, you must know everything about seamlessly, efficiently implementing the Blue Dart Franchise Model. If everything suits you well, make sure that you are fulfilling the entire eligibility criteria, the system setup, and other requirements

2. Contact The Blue Dart's Team Via Official Communication Channels

If you have qualified everything, then you have to contact Blue Dart through its official communication channels. For this, you have three prime gateways that are Email, Phone call, and form filling through the website.

3. Submit your Proposal

After building a seamless communication with the team, you have to proceed further and share your business proposal so that the team can start working on the interview and its stages.

4. Background Check & Interview Processing

Next, the company will assess the background check formalities, as this defines whether to proceed with further interview formalities or not.

5. Site Inspection & Assessment

If you qualify for the entire interview process, next you need to prepare your site as professionals will visit the same at any time. All this is done by the team to configure whether you are ready to establish a franchise business or not; if not, they want to analyse which level of training you may need.

6. Full, & Final Approval, and Agreement Signing

It is the pre-final stage that wants you to sign an agreement, but don't forget to read thoroughly, as this needs to be done to make the final approval.

7. Training, Operational, & Business establishment

After the final approval and full verification, the final business setup and operational line is built up, and the training will be given as per the proficiency you already have.

Frequently Asked Questions

1. Do we allow businesses and individuals to have multiple franchise businesses?

Yes, if the business proposal is valid, and all the terms, conditions, and the entire eligibility criteria then anyone can build multiple franchise businesses.

2. Do we require prior expertise to start working with the reference of any franchise model?

No, we don't demand prior expertise, but having the same can add value and efficiency to any new business franchise model.

3. What is the income you can secure on establishing a Blue Dart Franchise Model?

The starting range of income from franchise models is INR 40,000 to 1.5 lakh. However, depending on the location, operational efficiency, business size, and other franchise specifications, it can increase, or decrease.

4. Is there any chance of failure in establishing a franchise model?

It is a fact that whether it is about starting a new business, or establishing a franchise the chances of failure are everywhere. However as per the research, and analysis in case of franchise model, the failure chances are just less than 20%, so you can give a try.
